

# 2018 Fall After School Programs

Brought to you by View Ridge PTA

## **BRICKS 4 KIDZ**

### Space Adventures

Are you a budding astronaut? An adventurer who loves space exploration? Then you'll love our Space theme projects. Each week, students will learn about real-life space exploration and build a new model related to the NASA space program. Models include a satellite, the Discovery Shuttle, a centrifuge which astronauts use to prepare for the physical sensations of launch, a treadmill which astronauts use to stay fit in space, and a "space robot". During this unit, students will learn some of the science behind launching things into orbit, will hear about the most-distant man-made object in the universe, and discuss what it is like to be an astronaut in space. Let Bricks 4 Kidz launch your imagination to outer-space and beyond!

\$90 for 8 weeks

Wednesdays in the gym 3:35-4:35pm

October: 3, 10, 17, 24, 31

November: 14, 28

December 5

## **Explore Music Class With The Preston Music Academy**

**K-5 students are invited to come and Explore Music! This class will cover a variety of music topics including: Music Terms & Theory, Reading Music, Rhythms, Composition, and Studying Famous Composers.**

**During the class we will have fun exploring music through exciting interactive games and activities. Students will make a lapbook art project to learn about composers and participate in a rhythm circle. Each week we will have various activities to make learning music fun. If you are considering piano lessons or band, Explore Music will provide a good music foundation.**

**Whether your student is new to music lessons or they have played an instrument for several years, the Explore Music Class will be a fun way to learn and explore music concepts. We will have two tracks. One for new/beginner music students and one for experienced music students.**

\$65 for six weeks

Thursdays in the gym: 3:35-4:35pm

October 4, 11, 18, 25

November 1, 15
